Dear Minister Lamola,

Re: SIU Matters In reference to letters dated 16th July, 12th August and 11th October 2019

We are yet to receive a response to the contents of our letters noted above; we implore your good office to kindly do so. As you may recall, one of our Directors, Adv Madumise, during a live radio interview, indicated that a response from your offices was long overdue and you undertook to respond accordingly. Also one of the departmental officials in attendance at that interview contacted us shortly thereafter the interview and advised that a response would be forthcoming.

We therefore expect a response from your office without much further delays as these matters continue to be of critical importance. Justice delayed is justice denied - our commitment to ensure access to justice for womxn of South Africa remains steadfast.
